INTRODUCTION:

In India many historical monuments is present in Indian history and it is all about the rise and fall of kingdoms and empires. The monuments built by the kings and they perform of India. These monuments show the glory of India and it is a part of our cultural heritage. Almost all the states of India have some or the other important historical monuments. Thousands of tourists visit India in order to have a glimpse of its important historical places.

Today's competitive world, we have to preserve the monuments and showcase there to the next generation as the contributions or achievements of our ancestors proper legal from work to preserve monuments at national and global level is important to conserve, preserve and protect monuments.

WHAT IS HISTORICAL OR HERITAGE?

Heritage is the full range of our inherited traditions, monuments, objects and culture. Most important it is the range of contemporary activities, meanings behavior that we draw from them heritage includes but is much more than preserving, excavating displaying or restoring a collection of old things. It is both tangible and intangible. In the sense that ideas and memories-languages folklore many other elements of who we are and how we identity ourselves-are as important as historical monuments and archaeological sites.

THE IMPORTANCE OF HERITAGE PRESERVATION:

The preservation of historical monuments is a one-way street. There is no choice to renovate or to save a historic site once it gone. This reality brings to light the importance of locations and saving building of historical significance because once a piece of history is destroyed it is last forever.

Heritage conservation is imported has identifying recording, analyzing and protecting heritage and culture resources. Conservation of heritage monuments is very important because it provides a sense of identify and continuity in a fast-changing world for future generation.

AIMS AND OBJECTIVES:

1. To conserve and preserve the vast array of antiquities and monuments which are in danger.
2. To preserve not only the tangible heritage but also the intangible aspects associated with it.
3. To educate people about their rich heritage and involve them in preserving their heritage.
4. To preserve, protect and promote the culture attributes and glory of local and national properties.
5. To encourage students to actively contribute by participating in the preservation of culture heritage.
6. To give students a platform to come out with new innovations and ideas in order to protect our cultural resources.
7. To interact and join hands with the D.C in protection, preservation of various historical monuments heritage buildings situated and also to request for his actions in protection of historic structures and buildings.
8. To observe and conduct Memorial Day services and observance in the memory of various historical personalities and also to celebrate important historical events in the history.

REASONS OF PRESERVE HERITAGE:

1. Every historical site has an impart and story to tell and these stories have inspired many people to strengthen their convictions and commitment to fight injustice and oppression.
2. Heritage sites are our connection to the past Heritage sites are living monuments and record of certain happenings and this is our real connection to one past. It proves the existence of our ancestors.
3. Heritage sites are great for economics-heritage conservation has proven to be a thriving place for entrepreneurship and innovation. It has also shown increases property values. Also, since the work is very labor intensive it actually ends up creating more job.

HOW TO PRESERVE MONUMENTS:

Some of the steps that we as students can follow to do our share in their protection are:

1. Prevent ourselves and others from scribing on the walls.
2. Participating in the regular cleanliness drives.
3. Being a part of the adopt a heritage initiative.
4. Spreading awareness around about these monuments and their importance.
5. Contemporary Awareness:- The citizen of India in general and students in spread awareness and advertise about the preservation of the heritage many seminars are being organized every year

where the students are lectured not only about the amount of money, expertise and labor that goes into protecting these structures via chemical and other methods.

We have to preserve the monuments and showcase them to the next generation as the contribution or achievements of our ancestors. A little effort on our side can create drastic changes that will make the past the present and the future generations of the country and the world proud of India.
