

BIBLIOGRAPHY OF GEOGRAPHY, HISTORY, ECONOMICS BOOKS IN YASHWANTRAO CHAVAN MAHAVIDYALAYA KARMALA LIBRARY : AN OVERVIEW

Dr. Sapnarani Shrawan Ramteke

Librarian, Yashwantrao Chavan Maha., Karmala, Dist.Solapur 413203(MS).

Abstract :

The present age is modern and full of technology. In such a fast-paced competition, a small taluka in Solapur district with Arts, Commerce and Science Departments, a renowned college is Yashwantrao Chavan College Karmala. The article is based on the study of the bibliography of geography, history and economics available in the college library. In this college, all the departments are well equipped. Similarly, the college library is also known as the soul of the college. The library has a stock of about 46708 books of all subjects. It has separate halls for Geography, History and Economics and provides ample resources. We are going to study all about this in this article. In this article, the information of all the books has been provided by giving an outline of the important books without giving the information of the entire books. So we will study this bibliography in this article.

Key Words: Bibliography, Geography Books, History Books, Economics Books.

Introduction:

Many types of reading materials are available in the library of Yashwantrao Chavan College Karmala. There are more than enough reading materials available in it such as Economics, Geography, History, Marathi Literature, Hindi Literature, Psychology, Political, Science, Biography, etc. The library has separate shelves for History, Economics and Geography. In which every book is computerized. The books are arranged in orange with the author's name along with the barcode giving classification to each book. The author of every book is an important part of that book.

Yashwantrao Chavan College is the oldest such college. Accordingly, the stock of every subject is abundant in the library.

Bibliography

A bibliography is the writing material used by an author for his work, for example. Books, Articles, Journals, etc. That is, it can be called a bibliography.

In our article we have studied the bibliography of books in Yashwantrao Chavan College Karmala Library. It includes three subjects namely Geography, History and Economics. We have given a list of some important books based on this as a bibliography in this article.

Geography Books

The college library has a total stock of 2410 reference books on Geography which includes books on subjects like GIS Land Mapping Agriculture etc. As the subject of Geography is related to art commerce and science subject, course books along with reference books are also available in the library along with magazines related to Geography subject are also available in the library.

History Books

Similar to geography, you can find syllabus and reference books for history. It is about 2605 and includes all the books from Antiquity to Medieval and Antiquity. Whether it is women's literature or men's literature, study of Gad – kilas or historical documents, all such documents are included in these books. It also contains syllabi and reference books, collated and barcoded and arranged by author's name.

Economics Books

In the library of this college, we will get to see a large number of books on economics. About 3631 stocks of economics subjects are available in the library. Foreign currency, communication, cooperation, money, etc. There are also subject books and sub-subject books. As much as reference books are, course books are equally important. Every year, according to the syllabus, those books are increasing in the library. Pratiyogita Darpan, Economic & Political Weekly, etc. Similar magazines are also available in the library.

Objective

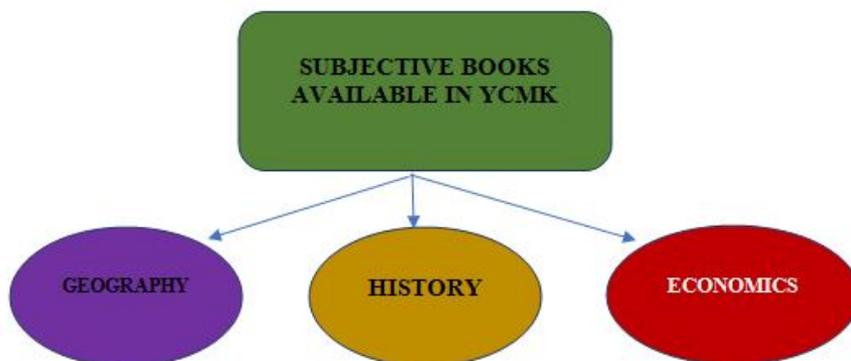

1. To find out how many books are there on the subject of economics in the library.
2. To find out how many books are there on geography in the library.
3. To find out how many books are there on the subject of history in the library.

Research Methodology

This article has been prepared using the bibliography from BK Lib software, a computerized list of books on geography, history and economics in Yashwantrao Chavan College Karmala Library.

A brief bibliography of each subject has been prepared and used here using the sample technique.

Diagram :

Subjective Books Available in YCMK:

In this article we have listed some important books related to geography, history and economics as bibliography. While studying these books, we can see how vast the scope of the library is. The library has a very large number of books on each of these subjects. Each subject has different halls and more distance subjects are included in each subject. Each subject has been categorized and arranged in an

orderly manner. The bibliography which we are going to study in these articles is briefly arranged as follows...

Conclusion

The above article is about the extent of stock available in Yashwantrao Chavan College Karmala Library on Geography, History and Economics. In this article, an attempt has been made to provide information by preparing a brief outline of the books of all the three subjects. As such, more than three thousand books on economics are available in the library. Also, more than 2000 books on geography and more than 2500 books on history are available. Lists of these books are included in the library's BK Library software. At the same time, barcoding has been done not for the entire subject, but for all the subjects in the entire library. From the brief bibliography of these three subjects above, we can estimate the number of books of these subjects in this library. The purpose of this paper is to make the readers aware of the books on geography, history and economics in the library and a small attempt has been made through this article.
